

GENERAL INFORMATION

SUBMISSION OF PAPERS

Authors should submit a 300-500 word abstract which clearly states the objectives, methods, results and conclusions. The abstract should include complete contact details: mailing address, telephone and fax numbers, and e-mail address. Acceptance of the full-length paper is subject to peer reviews. The Conference Proceedings will be printed in bound volumes and distributed to all participants at the place of the conference. The author or co-author is expected to register and present the paper at the conference.

LANGUAGE

The official language of the conference is English.

DEADLINES

October 31, 2005	Submission of abstracts
November 30, 2005	Acceptance of abstracts
January 31, 2006	Submission of full-length papers for review
March 31, 2006	Reviews returned to authors
April 30, 2006	Submission of final papers
April 30, 2006	Early registration fee

REGISTRATION FEES

Participants: 450 € (students 200 €) by April 30, 2006
500 € (students 250 €) after April 30, 2006

Fees cover registration, proceedings coffee breaks, lunches and a conference dinner.

CONFERENCE TOPICS

(An indicative list)

Development and Application of Methods in:

- Basic and Applied Thermodynamics
- Thermoeconomics
- Simulation, Improvement and Optimization of Energy Systems
- Process Analysis, Design and Synthesis
- Process Integration in Thermal and Chemical Systems
- Renewable Energy Conversion and Use
- Diagnostics and Control of Energy Systems
- Environmental Impact of Energy Systems

Relevant Physical Systems:

- Conventional and Advanced Power Plants
- Internal Combustion Engines
- Cogeneration and District Heating
- Refrigeration and Air Conditioning
- Heat Pumps
- Fuel Cells and Integrated Systems
- Renewable Energy Systems
- Industrial Process Plants
- Thermal Energy Storage
- Natural Gas Technology
- Hydrogen Technology
- CO₂ Capture and Sequestration
